

COVID-19 Vaccination Reminder

On the 7th December 2021, Queensland Health published a Public Health Direction which now makes it law that from 5.00am on 17th December 2021, members, guests and staff attending the Qld Cricketers' Club must be fully vaccinated, unless they hold a valid exemption. This includes private functions held at the QCC and those attending match days at The Gabba, within the Qld Cricketers' Club licenced premises.

Non-compliance could result in penalties to the Club, Member and Staff and will result in you or your guests being turned away from the Club. All members and guests must sign in using the Check In Qld App, which must show your vaccination status. Should you not have this linked to your app, a digital or paper copy of your COVID-19 vaccination record must be presented before entry will be permitted into the Club.

Members and guests must be able to show staff or security upon request. Please be kind to our staff if you are asked to confirm, as we are following the Qld Health and Qld Government directive to ensure our Club is able to continue operating.

We thank you for your understanding.
